SAVE Oxon RUN PARK

Environmental campaign to save the legacy cherry blossom trees, the Oxon Run Trail and Oxon Run stream from the expansion of the SE Tennis Center and a \$2 million Dog Park in Oxon Run.

Healthy Environment

It is important to preserve the greenspace in the city's largest park, in it's inventory, and provide water and public restrooms to the public. The greenspace is a legacy to generations to come and a benefit to our health.

Save the trees, stream & wildlife habitat.
